

## Heartland Homes Announces the Release of New Series of Luxury Homes

05/09/13

PITTSBURGH, May 9, 2013 /PRNewswire/ -- NVR, Inc. (NYSE: NVR), one of the nation's largest homebuilding and mortgage banking companies, announces its stunning new series of luxury homes in Pittsburgh, PA and Morgantown, WV. Built by NVR's Heartland Homes division, the new series of luxury homes feature superbly designed open layouts with higher-end luxury finishings.

The new series of homes includes spacious floor plans with gourmet kitchen layouts incorporating granite countertops, islands, built-in stainless steel appliances, hardwood floors and maple cabinets. Other highlights include nine-foot ceilings on all floors, spacious master retreats, a high-end trim package and tile floors in the master bathroom.

The inspiration for the new designs was compiled with feedback from both new and repeat customers who wanted high-end amenities included in the standard sales price. Heartland Homes has always focused on luxury and quality, and these new home designs take that above and beyond anything that Heartland has built before.

The luxurious new home designs are now available to build in select Heartland Homes communities in Allegheny, Butler and Washington Counties and also in the Summit at Cheat Lake community in Morgantown, West Virginia.

Like all new Heartland homes, the new luxury series are fully ENERGY STAR® Certified, yielding monthly utility bills up to 30% lower than standard homes, according to the EPA. All homes also carry 10-year structural warranties, and are independently verified for quality by a third-party inspection company.

For further information about Heartland Homes' new series of luxury homes, please phone (724) 949-0079 or visit [HeartlandLuxuryHomes.com](http://HeartlandLuxuryHomes.com). You can also "Like" Heartland Homes on [Facebook](https://www.facebook.com/HeartlandHomes).

### **About NVR**
