**Report of Independent Registered Public Accounting Firm**

Profit Sharing Trust Committee  
NVR, Inc. and Affiliated Companies:

We have audited the accompanying statements of net assets available for plan benefits of the Profit Sharing Plan of NVR, Inc. and Affiliated Companies (the Plan) as of December 31, 2008 and 2007, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2008. These financial statements are the responsibility of the Plan's Administrator. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Plan's Administrator, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Profit Sharing Plan of NVR, Inc. and Affiliated Companies as of December 31, 2008 and 2007 and the changes in net assets available for plan benefits for the year ended December 31, 2008 in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules, Schedule H, line 4i schedule of assets (held at end of year) as of December 31, 2008, and Schedule H, line 4j schedule of reportable transactions for the year ended December 31, 2008, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's Administrator. These supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PROFIT SHARING PLAN OF  
NVR, INC. AND AFFILIATED COMPANIES  
Notes to Financial Statements  
December 31, 2008  
(dollars in thousands)

**1. Description of Plan and Benefits**

The following description of the Profit Sharing Plan of NVR, Inc. and Affiliated Companies (the “Plan” or “PSP”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

***General***

The Plan is a defined contribution, profit-sharing retirement plan, and covers substantially all employees of NVR, Inc. and its affiliated companies (“NVR” or “the Company”). The Plan is administered by a Profit Sharing Trust Committee (the “Plan Administrator”), which is designated by the Board of Directors of NVR, Inc. (the “Board”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan Year begins each January 1<sup>st</sup> and ends each December 31<sup>st</sup>.

***Employee Eligibility***

All full-time and part-time employees are eligible to participate in the Plan immediately upon employment. The Plan excludes any employee covered by a collective bargaining agreement negotiated in good faith with the Company and leased employees.

***Contributions***

The Plan provides for eligible Plan participants to make voluntary salary deferral contributions (VSDC) from 1% to 13% of their current salary on a combined pre-tax and post-tax basis into the Plan for investment. All investment funds provided in the Plan are available for employee VSDC. A participant’s pre-tax deferral was limited to a maximum contribution of \$15.5 during both 2008 and 2007. Participants may change their salary deferral percentages periodically, but participants generally cannot withdraw fund balances before termination, retirement, death or total permanent disability unless certain hardship conditions exist.

As a result of the Economic Growth and Tax Relief Reconciliation Act of 2001, the Plan was amended to allow participants the option of making “catch-up” contributions to the Plan. Participants who reached age 50 or older before the close of the calendar year and have deferred the maximum amount allowed under the Plan, have the option to make additional pre-tax salary deferrals. The maximum “catch-up” contribution for both 2008 and 2007 was \$5.

In accordance with the Plan, the Company may declare a program of matching contributions. In 2008 and 2007, the Company matched up to the first five hundred dollars of individual participants’ VSDC. NVR contributed \$1,427 in matching contributions during 2008, all but \$0.2 of which was contributed prior to December 31, 2008. Matching contributions are invested in participant’s accounts in the Plan as directed by participants.

PROFIT SHARING PLAN OF  
NVR, INC. AND AFFILIATED COMPANIES  
Notes to Financial Statements  
December 31, 2008  
(dollars in thousands)

***Vesting and Forfeitures***

Employees vest in Company matching contributions contributed prior to January 1, 2002 at the rate of 20% per year beginning with the completion of their third year of service. Company matching contributions made after December 31, 2001 vest at the rate of 20% per year beginning with the completion of the second year of service. Full vesting is also attained upon an employee's termination on account of death or total disability, or upon reaching normal retirement age. Participants are fully vested at all times in their VSDC account balances. Forfeitures of unvested amounts relating to terminated employees are allocated annually to the remaining participants in the Plan as of December 31, based upon the proportion that the participant's compensation for that Plan Year bears to the total compensation received for such year by all participants sharing in the allocation, subject to the annual addition limitation and nondiscrimination requirement imposed under the Internal Revenue Code. Forfeitures of \$223 in 2008 were allocated to participant accounts in 2009.

***Investment Options***

The Company selects the number and type of investment options available. The Plan's recordkeeper ("Recordkeeper") is responsible for maintaining an account balance for each participant. Each participant instructs the Recordkeeper how to allocate their account balances. The Recordkeeper values account balances daily. Each fund's income and expenses are allocated to participant accounts daily in relation to their respective account balances. Each account balance is based on the value of the underlying investments in each account. Generally, participants may elect to change how future contributions are allocated or may transfer current account balances among investment options.

***Payments of Benefits***

Depending on various provisions and restrictions of the Plan, the method of benefit payment can be in the form of a lump-sum distribution or based on a deferred payment schedule. Amounts remaining in the Plan as a result of deferred payments are subject to daily fluctuations in value based on the underlying investments in each account.

***Participant Loans***

Loans are made available to all participants on a nondiscriminatory basis in accordance with the specific provisions set forth in the Plan. The amount of a loan generally cannot exceed the lesser of \$50 or one-half of a participant's total vested account balance. Generally, a loan bears interest at a fixed rate which is determined by the Profit Sharing Trust Committee. Such rate was prime plus 1% set at the date of loan origination for Plan Years 2008 and 2007. All loans are subject to specific repayment terms and are secured by the participant's nonforfeitable interest in his/her account equivalent to the principal amount of the loan. Participants must pay any outstanding loans in full upon termination of service with the Company. Loans not repaid within the timeframe specified by the Plan subsequent to termination are considered to be in default and treated as a distribution to the terminated participant. Participant loans are recorded at cost, which approximates fair value.

PROFIT SHARING PLAN OF  
NVR, INC. AND AFFILIATED COMPANIES  
Notes to Financial Statements  
December 31, 2008  
(dollars in thousands)

***Administrative Expenses***

Loan origination fees and trustee fees are paid by the Plan. All other administrative expenses are paid directly by the Company.

**2. Summary of Significant Accounting Policies**

***Basis of Presentation***

The accompanying financial statements have been prepared on the accrual basis of accounting.

***Investment Income***

Interest income from investments is recorded on the accrual basis of accounting. Dividend income is recorded on the ex-dividend date. Gains or losses on sales of investments are based on the change in market values since the beginning of the Plan Year, or their acquisition date if purchased during the Plan Year.

***Investment Valuation and Transactions***

All investments are carried at fair value except for fully benefit-responsive investment contracts. As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the "FSP")*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Plan Benefits adjusts the fair value of the investment contract from fair value to contract value.

Net unrealized appreciation and depreciation is measured and recognized in the Statement of Changes in Net Assets Available for Plan Benefits as the difference between the fair value of investments remeasured at the financial statement date and the fair value at the beginning of the Plan Year or the original measurement at the investment purchase date if purchased during the Plan Year. Purchase and sale transactions are recorded on a trade-date basis.

On January 1, 2008, the Plan adopted Statement of Financial Accounting Standards ("SFAS") No. 157, *Fair Value Measurements*. SFAS No. 157 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability, in an orderly transaction between market participants at the measurement date. The adoption of SFAS No. 157 did not have a significant impact on the Plan's financial statements.

SFAS No. 157 also establishes a fair value hierarchy for those instruments measured at fair value that distinguishes between assumptions based on market data (observable inputs) and the Plan's assumptions (unobservable inputs). The hierarchy consists of three levels:

PROFIT SHARING PLAN OF  
NVR, INC. AND AFFILIATED COMPANIES  
Notes to Financial Statements  
December 31, 2008  
(dollars in thousands)

Level 1 — Quoted market prices in active markets for identical assets or liabilities.

Investments in mutual funds, shares of the Company's common stock and other common shares are valued using quoted prices in active markets.

Level 2 — Inputs other than Level 1 inputs that are either directly or indirectly observable.

Investments in a common collective trust (the Fund) are valued using the net asset value (NAV) provided by the Trustee. The NAV is quoted in a private market, and is based on the value of the underlying assets owned by the Fund, which are traded in an active market. These investments are redeemable with the Fund at contract value under the Fund's terms of operations. It is possible that these redemption rights may be restricted by the Fund in the future in accordance with the terms. Due to the nature of the investments held by the fund, changes in market conditions and the economic environment may significantly impact the net asset value of the fund, and the Plan's interest in the Fund.

The Financial Accounting Standards Board recently added a project to its agenda to provide guidance on applying fair value to investments in alternative investment funds. The guidance resulting from this project may impact the carrying amount of such investments in future periods.

Level 3 — Unobservable inputs developed using estimates and assumptions developed by the Plan, which reflect those a market participant would use.

The Plan has no investments valued using Level 3 inputs.

The following table presents the financial instruments the Plan measures at fair value on a recurring basis, based on the fair value hierarchy:

	Fair Value at December 31, 2008 Using Inputs Considered as			Total
	Level 1	Level 2	Level 3	
<b>Fair Value Measurements:</b>				
Investments in Registered Investment Companies	\$ 102,846	—	—	102,846
NVR, Inc. common stock	46,082	—	—	46,082
Investments in Common Collective Trusts	—	22,934	—	22,934
Other common stock	1,018	—	—	1,018
Interest-bearing cash	1,479	—	—	1,479
<b>Total</b>	<b>\$ 151,425</b>	<b>22,934</b>	<b>—</b>	<b>174,359</b>

PROFIT SHARING PLAN OF  
NVR, INC. AND AFFILIATED COMPANIES  
Notes to Financial Statements  
December 31, 2008  
(dollars in thousands)

***Payments of Benefits***

Benefits are recorded as deductions when paid. At December 31, 2008 and 2007, refunds of \$324 and \$368, respectively, were due to participants for excess contributions made during the Plan Year and are reflected as a reduction of employee contributions in the Statement of Changes in Net Assets Available for Plan Benefits.

***Use of Estimates in Preparation of Financial Statements***

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan activity during the reporting period. Accordingly, actual results may differ from those estimates.

**3. Investments**

The investments of the Plan are maintained in a master trust with the investments of the NVR, Inc. and Affiliated Companies Employee Stock Ownership Plan ("ESOP"). The Plan's share of changes in the master trust and the value of the master trust have been reported to the Plan by the Trustee as having been determined through the use of fair values for all investments, except for fully benefit-responsive investment contracts which are adjusted from fair value to contract value. See footnote 2 for further discussion of fully benefit-responsive investment contracts. The undivided interest of each Plan in the master trust is increased or decreased (as the case may be) (i) for the entire amount of every contribution received on behalf of the Plan, every benefit payment, or other expense attributable solely to such Plan, and every other transaction relating only to such Plan; and (ii) for accrued income, gain or loss, and administrative expense attributable solely to such Plan. The Plan's interest in the master trust was approximately 42% and 46% as of December 31, 2008 and 2007, respectively.

The following table presents the investments in the master trust at fair value for all investments except for fully benefit-responsive investment contracts which are presented at contract value:

	December 31,	
	2008	2007
NVR, Inc. common stock	\$ 250,948	\$ 341,780
Investments in Registered Investment Companies	122,907	193,947
Investments in Common Collective Trusts	37,544	25,927
Other common stock	1,037	1,294
Interest-bearing cash	1,483	1,395
Total	<u>\$ 413,919</u>	<u>\$ 564,343</u>

PROFIT SHARING PLAN OF  
NVR, INC. AND AFFILIATED COMPANIES  
Notes to Financial Statements  
December 31, 2008  
(dollars in thousands)

The interests of each the PSP and ESOP participating in the master trust investments at December 31, 2008 and 2007 were as follows:

	<u>2008</u>	<u>2007</u>
NVR, Inc. and Affiliated Companies Employee Stock Ownership Plan	\$ 238,323	\$ 306,944
Profit Sharing Plan of NVR, Inc. and Affiliated Companies	175,596	257,399
Investments in master trust	<u>\$ 413,919</u>	<u>\$ 564,343</u>

Net investment income (loss) for the master trust for the year ended December 31, 2008 was as follows:

Net investment loss due to depreciation of common stock	\$ (34,589)
Net investment loss due to depreciation in investments in Registered Investment Companies	(84,123)
Interest	14
Dividends	5,302
Net investment loss in master trust	<u>\$ (113,396)</u>

The interest of each the PSP and ESOP participating in the net investment loss in the master trust for the year ended December 31, 2008, was as follows:

NVR, Inc. and Affiliated Companies Employee Stock Ownership Plan	\$ (42,206)
Profit Sharing Plan of NVR, Inc. and Affiliated Companies	(71,190)
Net investment loss in master trust	<u>\$ (113,396)</u>

The income allocation variance between the PSP and ESOP is driven primarily by the investment mix within the respective plans. The ESOP requires holdings to be predominately invested in NVR, Inc. common stock; whereas the PSP has no similar requirements and thus holdings within the PSP are diversified among multiple investments.

The current value of the investments of the master trust attributable to the Plan which represent 5 percent or more of the Plan's net assets at the end of each year, were as follows:

	<u>December 31,</u>	
	<u>2008</u>	<u>2007</u>
Registered Investment Companies:		
Fidelity Equity Inc. II Fund	\$13,958	\$26,879
Fidelity Growth Company Fund	26,914	27,057
Fidelity Diversified International Fund	11,355	25,621
Fidelity Balanced Fund	13,002	20,404
Common Collective Trust:		
Fidelity Managed Income Portfolio Fund (1)	\$24,171	\$17,959

PROFIT SHARING PLAN OF  
NVR, INC. AND AFFILIATED COMPANIES  
Notes to Financial Statements  
December 31, 2008  
(dollars in thousands)

	December 31,	
	2008	2007
<b>Employer securities:</b>		
NVR, Inc. Common Stock	\$46,082	\$79,668

(1) Investment amounts at contract value. The fair value of the investment was \$22,934 and \$17,766 at December 31, 2008 and 2007, respectively.

#### 4. Tax Status

The Plan received its latest determination letter on February 17, 2000 which stated that the Plan is qualified under section 401(a) of the Internal Revenue Code (the "Code") and its related Trust is exempt from tax under section 501(a) of the Code. The Plan has been amended since receiving the determination letter; however, in the opinion of the Plan Administrator, the Plan and its underlying Trust have operated within the terms of the Plan and remain qualified under the applicable provisions of the Code.

#### 5. The Stable Value Fund

The Plan invests in fully benefit-responsive synthetic guaranteed investment contracts ("GICs") as part of offering the Managed Income Portfolio Fund (the "Fund"). Contributions to this fund are invested in a portfolio of high quality short- and intermediate-term U.S. bonds, including U.S. government treasuries, corporate debt securities, and other high-credit quality asset-backed securities.

Participant accounts in the Fund are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As discussed in footnote 2, because the GICs are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GICs. The average yield of the Fund based on actual earnings was 3.57% and 4.82% at December 31, 2008 and 2007, respectively. The average yield of the Fund based on interest rate credited to participants was 3.04% and 4.40% at December 31, 2008 and 2007, respectively.

#### 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, partial Plan termination or if the Sponsor suspends contributions indefinitely, affected participants will become fully vested in their accounts.

PROFIT SHARING PLAN OF  
NVR, INC. AND AFFILIATED COMPANIES  
Notes to Financial Statements  
December 31, 2008  
(dollars in thousands)

**7. Parties-In-Interest**

At December 31, 2008 and 2007, Plan investments of \$115,944 and \$157,353, respectively, are with parties-in-interest as they are investment funds of the Trustee and Recordkeeper, Fidelity Management Trust Company and Fidelity Investments Institutional Operations Company, Inc.

At December 31, 2008 and 2007, investments held by the Plan included 101,002 shares and 152,038 shares of NVR, Inc. common stock, with a fair value of approximately \$46,082 and \$79,668, respectively. These qualify as exempt parties-in-interest transactions.

**8. Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation from the financial statements to the Form 5500 of net assets available for plan benefits (in thousands):

	<u>December 31,</u>	
	<u>2008</u>	<u>2007</u>
Net assets available for plan benefits as reported in the financial statements	\$ 179,447	\$ 261,632
Fully benefit responsive investment contracts (1)	(1,237)	(193)
Deemed distributions (2)	(85)	(33)
Net assets available for plan benefits as reported in the Form 5500	<u>\$ 178,125</u>	<u>\$ 261,406</u>

The following is a reconciliation from the financial statements to the Form 5500 of benefits paid to participants (in thousands):

	<u>Year ended</u> <u>December 31, 2008</u>
Benefit payments to participants as reported in the financial statements	\$ 28,004
Deemed distributions, net	52
Benefit payments to participants as reported in the Form 5500	<u>\$ 28,056</u>

- (1) Fully benefit-responsive investment contracts are included in the financial statements at contract value as opposed to at fair value in the Form 5500. See footnote 2 for additional discussion of fully benefit-responsive investment contracts.
- (2) Deemed distributions represent defaulted loan balances for which there were no post-default payment activity. These distributions are disregarded for reporting purposes within the 5500 but are reflected in the total loan balances for financial statement reporting purposes.
