NVR, INC. ANNOUNCES FOURTH QUARTER RESULTS

FOR IMMEDIATE RELEASEContact:Dan MalzahnOffice:(703) 956-4204

ng and mortgage banking companies, announced that

January 29, 2008, Reston, VA—NVR, Inc. (NYSE: NVR), one of the nation's largest homebuilding and mortgage banking companies, announced that diluted earnings per share for its fourth quarter ended December 31, 2007 decreased 44% and net income decreased 50% when compared to the 2006 fourth quarter. Net income for the 2007 fourth quarter was \$67,274,000, \$11.72 per diluted share, compared to net income of \$135,167,000, \$20.86 per diluted share, for the same period of 2006. The fourth quarter 2007 results were negatively impacted by land deposit impairments of approximately \$97,000,000. These impairments lowered gross margins by 690 basis points and reduced diluted earnings per share by \$10.32. Consolidated revenues for the last three months of 2007 totaled \$1,427,397,000, a 12% decrease from \$1,627,130,000 for the comparable 2006 quarter.

Net income for the 2007 fiscal year was \$333,955,000, \$54.14 per diluted share, compared to net income of \$587,412,000, \$88.05 per diluted share for 2006, a 43% decrease in net income and a 39% decrease in diluted earnings per share. The full year results were negatively impacted by land deposit impairments of approximately \$261,800,000. These impairments lowered gross margins by 519 basis points and reduced diluted earnings per share by \$25.91. Consolidated revenues for 2007 totaled \$5,129,342,000, a 16% decrease from the \$6,134,124,000 for 2006.

Homebuilding

New orders for the fourth quarter of 2007 decreased 35% to 1,948 units, when compared to 3,002 units for the fourth quarter of 2006. New order activity slowed as the quarter progressed and activity has remained weak during January. The cancellation rate in the fourth quarter of 2007 was 32% compared to 20% in the fourth quarter of 2006 and 27% in the third quarter of 2007. The cancellation rate in the Washington, D.C. market was 46% in the quarter compared to 34% in the fourth quarter of 2006 and 44% in the third quarter of 2007. These elevated cancellation levels are largely due to the instability in the mortgage lending market, including the tightening of mortgage underwriting standards. The average sales price of new orders in the fourth quarter of 2007 declined by 13% from the fourth quarter of 2006. The average new order price declined in all regions but was primarily due to a 17% decline in the Mid-Atlantic region. These sizable declines in new order units and prices will continue to have a significant negative impact on revenues and gross margins in the coming quarters.

Settlements decreased in the fourth quarter of 2007 to 3,874 units, 3% less than the same period of 2006. Homebuilding revenues for the three months ended December 31, 2007 totaled \$1,405,466,000, 12% lower than the year earlier period. Pre-tax homebuilding income totaled \$92,681,000, a decrease of 54% when compared to the fourth quarter of the previous year. Gross profit margins decreased to 12.9% in the 2007 fourth quarter compared to 19.0% for the same period in 2006. The decline in gross profit margins is due to the previously mentioned land deposit impairments and continued price declines in most of our markets.

New orders for 2007 totaled 12,270 units, a 7% decrease when compared to the 13,217 units reported for 2006. Home settlements for 2007 decreased 11% to 13,513 units when compared to 15,139 units closed in 2006. Homebuilding revenues for 2007 totaled \$5,048,187,000, 16% lower than 2006. Pre-tax homebuilding income decreased to \$485,576,000 for the 2007 fiscal year, a decrease of 46% from the prior year. Gross profit margins decreased to 16.3% in 2007 from 22.1% in 2006. The number of homes in backlog at the end of 2007 was 5,145 units, 19% lower than the 6,388 units in backlog at the end of 2006. The dollar volume in backlog decreased 27% to \$1,910,504,000 at December 31, 2007, when compared to the same time last year.

<u>Mortgage Banking</u>

Mortgage closed loan production of \$867,106,000 for the three months ended December 31, 2007 was 19% lower than the same period last year. Pre-tax income contributed by the mortgage banking operations during the fourth quarter of 2007 decreased 14% to \$15,301,000, when compared to \$17,875,000 reported for the same period of 2006.

Pre-tax income from the mortgage banking segment decreased for the 2007 fiscal year to \$53,929,000, a 17% decrease from the \$65,133,000 reported for 2006. Mortgage production for the year decreased 18% to \$3,225,324,000.

Some of the statements in this release made by the Company constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934. Certain, but not necessarily all, of such forward-looking statements can be identified by the use of forward-looking terminology, such as "believes," "expects," "may," "will," "should" or "anticipates" or the negative thereof or other variations thereof or comparable terminology, or by discussion of strategies, each of which involves risks and uncertainties. All statements other than those of historical facts included herein, including those regarding market trends, NVR's financial position, business strategy, the outcome of pending litigation, projected plans and objectives of management for future operations, are forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results or performance of NVR to be materially different from future results, performance or achievements expressed or implied by the forward-looking statements. Such risk factors include, but are not limited to, general economic and business conditions (on both a national and regional level), interest rate changes, access to suitable financing by NVR and by NVR's customers, competition, the availability and cost of land and other raw materials used by NVR in its homebuilding operations, shortages of labor, weather related slow downs, building moratoria, governmental regulation, the ability of NVR to integrate any acquired business, fluctuation and volatility of stock and other financial markets, mortgage financing availability and other factors over which NVR has little or no control. The Company has no obligation to update such forward-looking statements.
